USE OF PROSCRIBED SUBSTANCES

The attention of all competitors is brought to Regulation 47, Use of Proscribed Substances, and in particular to the substance Caffiene which is contained in drinks such as tea, coffee and Coca Cola. With certain brands of tea and coffee it is possible to exceed the IOC limit by drinking as little as three cups.

PROVIDING A POSITIVE URINE SAMPLE CONSTITUTES AN ABSOLUTE OFFENCE.

Any competitor found guilty of such an offence is automatically banned from Olympic Competition for life.

A SCENE FROM HUNDREDS GONE BY

J J Rooney in 1914 - The Anfield Circular noted:
"A novice at the trike game, and non to sure on the
corners, finished like a sprinter".
He finished in a time of 6:14:18.

SUPERANDYWASFANTASTICWEATHERWASATROCIOUS

Need I say more? Well, I suppose that I better had, because there is a page to fill. And yes, I know that it's last year's photo on the cover, but no one had an underwater camera. The weather was the worst that many Anfielders can remember for the '100'. It is all the more remarkable then that Andy Bason should set a new event record. He should be looking over his shoulder though, because young Richard Handley; only 20; did a superb under 4 hour ride. A rider to watch out for in the future.

It was a welcome return to the '100' for Lynne Taylor after an absence of several years and she celebrated her return by being the fastest lady. In fact, virtually all of the ladies who started, finished. For many of the ladies this was their first experience of a '100' and it was a baptism by fire (or should that be water?). So who said they were the weaker sex?

Fibrax Wrexham were clearly the fastest team and congratulations to them. Indeed, congratulations to everyone who finished and all praise to those who set out but were defeated by the weather. There is no shame in that, I have never seen so many riders returning to HQ with hypothermia. Our sympathies should go out to Rhydian Evans who was forced off the road by a motorist (or should that be psychopath). Fortunately, his injuries were relatively minor and he was able to remount and complete the event. We regularly have trikes in the event but this is the first Anfield I've known to feature a tandem trike. I haven't ridden a trike since I was a little boy and now regard them as sudden death on 3 wheels. How do you go round corners?

My admiration also goes out to all those brave souls who stood out there in the freezing rain to marshal the event. You get just as cold standing around even if you are in waterproofs. In particular, I must thank those members of other clubs who enabled the event to be held. Thanks to Bob and Ruth Williams of Mersey Roads, the Pardoes of Seamons RC and Dave Joynson et al of Kidsrgove Whlrs.

Many thanks also to Keith Orum, David Birchall and Nigel Fellows for organising the marshalling and Ben Griffiths for acting as handicapper and course marshal. Thanks also to my son Geraint who patiently chauffeured me around and was there whenever I needed him.

My thanks to everyone who helped make the event a success, there would be no event without you. I'm told that my cataract operation is imminent, so when I say that "I hope to see you all next year", you don't know how much I really mean it..

All the best

Peter

Thanks For Sunshine

After a day of non-stop rain, I poked my head out of doors at 3:00 am and was cautiously delighted to find that it had stopped raining. As I made my way to HQ, the sky got lighter and lighter and the day became brighter and sunnier. I said last year that Richard Handley was someone to watch out for and my prophesy came true. Richard is only 21 and has a great future ahead of him. Andy Bason had to settle for second place this year but I am sure that he still has a lot left up his sleeve (or should that be in his legs). Another young rider to look out for is Jonathan Shubert; who; like his ancestor (with a 'c') who had an unfinished symphony, clearly has a cycling career that will not be finished for many years.

Congratulations to Lynne Taylor who was the fastest lady once again. Warrington RC were the fastest team and congratulations to them. Indeed, congratulations to everyone who took part in the race. Without your support the race could not continue - it is probably the oldest cycle race in the world.

My thanks go to all those Members of the Anfield, Bob and Ruth Williams, the Pardoes of Seamons CC and Dave Joynson et al of Kidsgrove Wheelers who helped out with the marshalling of the event. Thanks also to Keith Orum, Nigel Fellows and Dave Birchall for organising the Marshalling.

Also, thanks are due to Ben Griffiths for being the handicapper and course marshal. The handicapping nearly drove Ben to dementia. The new CTT entry forms give very little information on which to base a realistic handicap. It may well be that future Anfield '100's will not be a handicapped event.

I hope that all the competitors enjoyed the event, even through gritted teeth and the Anfield hope to see you all back next year.

All the best

Peter

A SPOCO COUNTING EVENT

SPRING BANK HOLIDAY MONDAY

27th May 2013
Starting at 6:00 am

ARRANGEMENTS

EVENT HEADQUARTERS - Shawbury Parish Hall is located in Church Street which is the street opposite the Elephant & Castle pub.. No overnight parking/camping is permitted in the vicinity of the event HQ. Parking is available in the Hall's car park or the public car park across the road. If necessary, you may park on the perimeter track of the football pitch. Do **NOT** park on the pitch itself. Please do not block access ways or park on the blind bend outside the Hall. The public car park has a height barrier so if you carry your bike on a roof rack, be warned.

The Hall is located close to houses and competitors should refrain from disturbing local residents by shouting, slamming car doors etc. Please leave your turbo trainers at home or find a quiet lay by to warm up in. The Hall has toilets and limited changing facilities. Cycling shoes are not permitted in the hall.

Numbers (back and arm) are available at the signing on desk in the Hall. Please remember to sign on and receive any other instructions.

START The start is approximately 3 miles distant from the HQ at a lay-by on the A53 between Shawbury and Esplay. Please allow sufficient time to sign on and arrive at the Start before your starting time. Do not obstruct the highway whilst waiting for your turn to start and keep well in to the left of the road or stand on the verge. Take care when pulling away. U-turns are not permitted on the A53 in the vicinity of the Start and any rider observed infringing this rule will not be allowed to start.

SAFETY Riders are reminded to ride with their heads up. You are provided with high visibility race numbers and you should wear them in accordance with Regulation 16 for your own safety. Please wear your arm number on your **LEFT** arm. You will pass over Sandford Bridge on the A41 on your way to Prees heath and on your way back to Tern Hill. The speed limit is 30 mph but motorists may exceed this. This stretch of road is narrow and twisty so please exercise caution and do not 'undertake' traffic and avoid bunching up. All riders should obey the rules of the road and not indulge in any dangerous manoeuvres **ANYWHERE ON THE COURSE.**

FINISH The Finish is on the A53 at the northern end of the lay-by some 1.87 miles from Shawbury corner (junction of the A53 and the B5063). It will be indicated by a checkerboard sign and will follow signs indicating from 5 to 1 mile to go. When you cross the Finish line please do not stop but continue on to the HQ Please call out your number as you cross the Finish line.

DRINKS We will provide a bottle service for riders without their own support. The drinks station will be located on the A442 approximately half way between Crudgington and Espley. Riders will pass this point at approximately 40, 57.6, 75 and 92.5 miles and can request a bottle to be handed to them at one or more passes of the station

Please hand in your bottle(s) when you sign in and please label each bottle clearly with your race number and which lap of the circuit you want it to be handed to you. A race official (signposted Feeding Station) will be located some distance ahead of the station and will be in radio contact with the actual drinks station. If you want a bottle, please shout your number to the official as you pass so that the Drinks Team can have your bottle ready for you when you reach the drinks station. Please be prepared to slow down or stop in order to receive your bottle. Empty bottles may be left at the station and these will be returned to HQ for you to collect.

Please note that we must receive your bottles by 07.15 so that we can get them out to the drinks station in time.

Riders who have support may be handed drinks at any SAFE place on the course but they must observe the CTT regulations regarding following cars. The appropriate form for registering following cars will be available at HQ.

RESULTS & REFRESHMENTS

The results will be displayed on a board at HQ as and when they are received. Competitors are reminded to return their numbers to the signing in desk. Hot drinks and various snacks will be on sale. Please note that some of the snacks may contain traces of nuts.

AWARD CEREMONY

For the sake of brevity, only the overall winner and the fastest lady will be presented with their trophies. And we aim to hold the ceremony no later than 13.00. Marshals and Timekeepers will remain on the course until all riders have finished.

In the interests of your own safety, Cycling Time Trials and the event organisers advise you to wear a HARD SHELL HELMET that meets internationally accepted safety standards. In accordance with Regulation 15 ALL JUNIOR competitors must wear Protective Hard Shell Helmets. It is recommended that a working rear light, either flashing or constant, is fitted to the machine in a position visible to following road users and is active whilst the machine is in use.

ALL CTT REGULATIONS WILL BE ENFORCED.

PLEASE NOTE THAT THE CTT HANDBOOK INCORRECTLY STATES THAT THIS EVENT WILL BE A HANDICAP EVENT. WHILST IT HAS BEEN IN THE PAST, IT NO LONGER IS.
